

Teacher Recommendation Form

Dear Colleague,

Your student is interested in gaining membership into the WSJS. This is a group that is made up primarily of middle school and exceptional elementary string students from in and around the Williamsport area.

The Williamsport Symphony Junior Strings accepts students into the group based on teacher recommendation in place of an audition, as the audition process can be daunting for younger players. Please take the time to fill out this form and have you or your student return it to me via email, US mail, or place a phone call. Thank you for your time and I look forward to meeting and working with your students.

Sincerest Regards,

Andrew L. Jones
